

“Joining the Mercer Island Guild gives me the opportunity to support my favorite Charity, Seattle Children’s Hospital. Working with dedicated and caring members of our Guild is very rewarding to me. We are most fortunate to have such an outstanding Medical Facility in our Community.”

Esther Barsher

“I joined the Mercer Island Guild to work on a project that benefits our community and children who are in need of expensive medical care at Seattle Children’s Hospital-the top Pediatric Hospital in the Northwest. Our volunteers are people who are working together to create a healthy generation of children.”

JoAnne Jones

“I love meeting and working alongside our MI Guild members. I too have made many new friends, and feel that the work we do throughout the year is very worthwhile in supporting a world-class Children’s Hospital.”

Marcia Grimstad

“As the first male president of the guild, I am proud to stand on the shoulders of the dedicated women who have come before me. They are a fun group to work with and we are making a difference.”

Riley Atkins, President

Seattle Children’s Hospital Guild Association
is a 501(c)3 organization.

MERCER ISLAND GUILD

Benefiting

Seattle Children’s®
HOSPITAL • RESEARCH • FOUNDATION

MercerIslandDirectory.info

OUR MISSION:

Seattle Children's Hospital provides hope, care, and cures to help every child live the healthiest and most fulfilling life possible. The Mercer Island Guild supports this mission by engaging our community in support of uncompensated care and pediatric research at the hospital. Since its inception in 1928, the Guild has contributed over \$4 million to the hospital. We are the second longest running guild in the hospital history.

Contact
JoAnne Jones,
206-948-3448 for
more information.

OUR MAIN FUNDRAISING TOOL is the Mercer Island Directory. We sell ads and solicit donations through the Directory. In 1943, we published the first Directory and presented the Hospital with a check for \$219.60. For the past ten years, we have contributed over \$100,000 per year to the hospital.

IF YOU ARE INTERESTED IN:

Making a difference in children's lives;

Contributing to ground-breaking pediatric research to cure childhood diseases;

Giving back to your community; and

Having fun with a group of dedicated volunteers
